

## Surgery- Declaration of consent

### Details of the pet owner

Last name, first name: \_\_\_\_\_

Address: \_\_\_\_\_

Phone number: \_\_\_\_\_

### Animal details

Name: \_\_\_\_\_

Date of birth: \_\_\_\_\_

Animal species: \_\_\_\_\_

Sex: \_\_\_\_\_

### Surgery information

#### Before anaesthesia:

- Your pet must be sober (i.e. no food 8 hours before, no water until 2 hours before; unless discussed otherwise).

- Your pet should have passed urine and faeces.

- Does your pet take medication regularly? If so, which ones and when were they last given?

Yes, \_\_\_\_\_  No

- We advise having a blood test performed in advance of the surgery/anaesthesia to detect organ diseases. This examination helps to assess the risk of anaesthesia more accurately and thus reduce it.

- Consider whether additional treatments should be performed if they are compatible with the intervention.

- In advance we discuss the anaesthesia and surgery risk, as well as any arising costs. The settlement takes place when you pick up your pet (payment possible in cash or by EC-card).

- Please inform us at least 24 hours in advance if you cannot keep your appointment. We kindly ask for your understanding that we have to charge you an expense allowance of up to 50% of the treatment costs if you miss time-consuming surgeries without prior cancellation.

- Please leave a telephone number where you can be reached during anaesthesia /surgery !

After anaesthesia:

- Your pet must not eat or drink immediately after anaesthesia. The details will be discussed with you when you pick up your pet.
- The necessary follow-up treatments for your pet will be discussed with you.
- Your pet must not lick the surgical wound! If necessary, your pet must wear a lick protector.
- Follow-up appointments to check wound healing or remove stitches will be arranged with you when you pick up your pet.
- If problems occur, please contact us immediately.

## Consent

I agree to have surgery done regarding above mentioned animal because of:

---

I agree to a blood test

Yes  No

I would like to have the following additional services carried out (Please mark with a cross!):

Shorten claws

Empty anal glands

Clean ears

Marking with microchip

I am aware that I will have to pay the costs of the surgery resp. the services provided when picking up the animal (in cash or by EC-card). The cost estimate is approx.

\_\_\_\_\_ €.

In case of unforeseen medical findings additional costs may arise. In this case, we will inform you by phone as soon as possible.

I have been informed about the risks of the intervention and confirm this with my signature:
